EMAIL. **ShakedBlank@Gmail.com**

ADDRESS. **Haifa, Disraeli 56**

Graphic and motion designer who has an attraction to the technical and artistic side of things. Keen on using my problem solving and fast learning abilities to make great visual stories.

## Relevant skills

- Highly proficient with all of the adobe suite, working with After effects, Premiere, Photoshop, Illustrator and Indesign on a daily basis for more than 8 years.
- Fast and independent learner, taught myself 3D software and programming languages to solve real-life graphic problems.
- Collaborated with other team members to create websites and graphic content for several brands and live sports events.

## Work experience

### • Ninja monkey - 2019—2020

Graphic and motion designer

- Created social media content for brands in accordance to their visual language, this includes the usage of all the ADOBE suite programs.

### • Gavish media - 2020—Present

Graphic, motion and web designer

- Animated motion design content for brands and events with complex and dynamic graphic assets, utilizing automated script based solutions and AI.
- Designed and approved graphic content according to brand books for brand campaigns and live events.
- Created graphic and animated content for various media (TV, social media, websites, branded instagram filters, etc.).

### Key achievements

- Worked on the U20 and U18 European athletics championships, work that included social media reels and posts, website maintenance, animated billboards, live graphic animations and compositions.
